April 30, 2021

Good afternoon Panther Family,

We wanted to take a moment to share testing details with you as we move into the next two weeks. By this time, you all have received several emails, letters and calls home regarding testing. These contacts are meant to inform and include all stakeholders.

The following schedule is for our current Face-to-Face students:

On **Tuesday, May 4th**, students enrolled in **Algebra 1** will take the Alg1 STAAR EOC. Our students not testing will proceed with their day as normal.

On **Thursday, May 6th and Friday May 7th**, all **8th grade students are taking their Science and Social Studies STAAR tests**. This requires that we provide our 7th grade students with remote lessons while they remain in 1st period. Teachers will provide lessons in Google Classrooms for 7th grade students to work on during the time they are in 1st period.

On **Tuesday, May 11th**, both **7th and 8th grade students will take the Math STAAR test**. Students enrolled in Algebra 1 (who have already tested) will be provided with assignments through Google Classroom and work from designated areas until testing is completed.

On **Wednesday, May 12th**, both **7th and 8th grade students will take the Reading STAAR test**.

Parents of virtual students have received separate communication about testing dates and registration. Please refer to previous emails regarding virtual students testing. If you have any questions, please do not hesitate to reach out to us.

Thank you for your partnership,

***Sheri King-Minter***

Dean of Instruction  
Campus Testing Coordinator
